CROWN OF GOLD: Gold Medal 1937— Center of flower of short quilled petals with a collar of flat guard petals at base. Color orange, plants 2 1-2 ft. flowers 3 inches. The first known Marigold with odorless foliage.	\$.20	\$.60	\$1.00
GIGANTEA SUNSET GIANTS: (Chrysanthemum flowered). This 1937 novelty will, beyond doubt, set a new standard in Marigolds. Combining the desirable characteristics of exceptional large size, showy colorings, and pleasant fragrance unlike that normally associated with Marigolds this will become an outstanding florist sort. Flowers are from 5 to 7 1/2 inches across on fine long stems and, while varying considerably in type, 60 per cent or more are fully double. Color range from light yellow to golden orange.25	1.00	1.80

Free Air-Mail Service

On Seed Orders

READ CAREFULLY

Continuing our past policy of modern service, we will prepay additional Air-Mail post to any point in the United States on all seed items priced at the rate of \$2.00 per ounce or more; providing that your order is transmitted to us by Air-Mail and amounts to \$2.50 or more; without additional cost to you.

Otherwise, Air-Mail delivery may be obtained at the prevailing rate.

Saving in time to eastern points by using Air-Mail is about 50 per cent.

It is impractical, due to cost, to ship bulbs or plants Air-Mail.

Conditions Of Sale

PRICES as quoted, are net on a basis of cash with order. All orders not accompanied by remittance, and from parties who have not established credit with us will be forwarded C. O. D. when for seeds.

ALL bulbs and plants CASH WITH ORDER except by special arrangement.

REMITTANCE may be by any of the usual commercial methods. We do not accept stamps in place of remittance. Patrons outside the United States of America must remit in American funds, either by draft or money order. C. O. D. shipment or credit sales not made outside the U. S. A.

ALL ORDERS are received subject to supply available and crop conditions or any other situation beyond our control. Present business conditions also makes it necessary that we reserve the privilege to adjust our prices or terms without notice, to conform with varying conditions which may occur after this list is published.

SHIPMENT of seeds are all prepaid by insured post. Air-mail delivery service in the United States may be obtained without additional charge in accord with the conditions set forth above. All other stock is priced with delivery at the transportation office at Grants Pass, Oregon. Thereafter stock travels as the property of the purchaser and responsibility for safe delivery rests with transporting agency. In the event that loss is incurred in transite claim should be filed immediately with transport agency and full particulars of action be given us. While we can not insure such matters, our fullest co-operation will be given in obtaining proper adjustment in rare cases when such action may be necessary.

OUR RESPONSIBILITY: In view of the reasonable prices quoted herein, and the varied growing conditions under which the stock offered will be grown, it is manifestly impossible for us to warranty in any manner the crop resulting therefrom.

Ordering from this list will be definitely construed as your acceptance of these terms, and the limitation of our liability for any cause to an amount not exceeding the actual purchase price.

HARROLD'S DOUBLE PETUNIA *Oregon Beauty.*

Here is, we believe, the outstanding NEW DOUBLE PETUNIA of the past several years. Its color, a rich erosine pink of the greatest depth and clearness. Flowers are fully double on ALL plants and under good conditions are from 3 to 5 inches in diameter. The plant habit is the best possible with compact, sturdy pot specimens easily produced and the blooms simply smother the plants continuously once started flowering,

This is a mutation that appeared in our Petunia trials two years ago but as it was found to be entirely sterile, propagation has been entirely by cuttings. In this method there is no especial difficulty as plants break freely and cuttings root easily. Unlike some varieties of doubles, it does not seem to run out from vegetative propagation. In fact through selection the stock appears to be improving.

One advantage which should be considered in comparing this variety with the All-Double Victorious sorts is that due to a common parent, the plants are 100 per cent true to both fully double

type and color as well as having identical habit, thus increasing their desirability for both bedding and pots. This is something which can not be expected from any seedling stock and when high cost of all double seeds, plus labor are figured cost is no higher for true stock.

We don't believe that any Petunia has been released in recent years that will compare with these as pot or bedding subjects and it will be found that they are fine for design work where wired flowers may be used. In fact it is possible to outshine many Carnations with this Petunia in this particular field and these flowers are far less costly to produce. They can be produced the year round with but little trouble.

Our stock is modest this year of introduction, but now is an excellent time to procure stock for spring sale or propagation. The 2½ inch will make fine plants for Mothers Day and the 3½ and 4 inch will time well for Easter. Cuttings will soon make fine 3 inch stock for bedding or pot plants. Better order today while we have this present fine lot available.

PRICES:- Rooted cuttings 25 for \$1.50; 50 for \$2.75; 100 for \$5.00
250 for \$11.00. From 2½ inch pots 10 for \$1.00; 25 for \$2.40; 50
for \$4.50. 3½ - 4 inch heavily budded \$3.00 per dozen.
